

Peel2Glow 2-phase home peel revealed

12 February 2019

A new home peel range has been launched by Spanish skincare laboratory, [Skintech Pharma Group](#).

Designed to be used to complement in-salon treatments, two-step Peel2Glow offers effective yet gentle exfoliation and skin radiance with rapid results. There are seven formulas to choose from.

Safe on all skin types, each Peel2Glow kit features paired ampoules: Peel features a combination of Glycolic and Mandelic acids to exfoliate whilst Glow contains antioxidants Vitamins A, C and E for hydration.

Peel2Glow is available from [The Clinic by Dr Mayoni](#).
